### FLASHBACK PHOTOBOOTHS

Flashback Photobooths provides state of the art professional photobooths for weddings, parties and corporate events. Since 2007 they have serviced over 2000 hires around Australia and always ensure that they make their clients events unforgettable.

Crowds will gather, lines will form and your guests will have a great time taking unlimited double photo-strips for the duration of the hire. For weddings we highly recommend our beautiful custom photo-strip album. Guests place one photo strip in the guest book, leave a heart felt written message and keep the other identical strip for themselves – our interpretation of the perfect guestbook!

There is an almost inexplicable magnetic force that draws guests to the booth and strips them of their inhibitions... and with a Flashback Photobooth we guarantee that those hilarious moments will be captured to become timeless keepsakes for the newly married couple as well as their guests.
